MICPA-CAANZ Programme

CHARTERED ACCOUNTANTS™
AUSTRALIA + NEW ZEALAND

“Our education curriculum covers international standards, business finance and strategies”.

MICPA-CAANZ Programme

MICPA has been developing professional accountants in Malaysia through its professional examinations since 1963.

In 2009, MICPA entered into an agreement with the Institute of Chartered Accountants Australia (ICAA), sealing a new era of professional ties providing for mutual advanced entry for candidates into both of the accountancy bodies' professional examinations.

In 2014, we saw the amalgamation between ICAA and the New Zealand Institute of Chartered Accountants (NZICA) which led to the establishment of Chartered Accountants Australia and New Zealand (CA ANZ). Now, graduates of the MICPA-CAANZ Programme will obtain 2 professional qualifications – Certified Public Accountant (Malaysia) and Chartered Accountant (ANZ).

Candidates are required to complete five (5) modules covering concepts and principles underpinning accounting in all its disciplines.

The modules and examinations are identical to that offered by CA ANZ in Australia and New Zealand with the exception of the Taxation module which has been adapted to Malaysian taxation regulations to provide greater relevance for careers in Malaysia. Candidates are given up to 8 years to complete the modules, either part-time or full-time, or a combination of both.

The MICPA-CAANZ Programme couples theoretical knowledge with 3 years of relevant practical experience overseen by a mentor with an Approved Training Organisation. The practical experience will build upon a candidate's academic excellence by providing candidates with an avenue to apply the theoretical knowledge to real-life cases whilst developing professional skills and values relevant to the candidate's specific job. Upon fulfilling MICPA membership requirements, candidates will qualify for full MICPA and CAANZ memberships.

WHY MICPA AT TAYLOR'S

LIVE STREAMING FOR EDUCATION: BEYOND THE LECTURE CLASS

One of the more effective ways to engage with students in the learning process and provide the ability for students to have a flexibility & live interactive experience.

ReWIND TECHNOLOGY LEARNING METHOD

A learning platform where lecturers are recorded automatically with audio, visual, presentation slides and other module-related content.

WORLD-CLASS FACILITIES TEACHING AND LEARNING METHODS, MATERIALS AND ENVIRONMENT

As a vested partner in your education journey, we have world-class academic and service facilities to help you bring the best out of you.

WHY MICPA?

There is so much more to being an accountant – it's about becoming a professional, equipped with knowledge, skills and values, upholding ethics and possessing the right attitudes necessary to succeed in the profession. Being a professional accountant sets you apart as one who leads, innovates, value-adds, conducts oneself with absolute integrity and is a reliable source of knowledge and advice.

The Malaysian Institute of Certified Public Accountants (MICPA) is a premier professional accounting body that will prepare you for the new world of business. Our education curriculum covers international standards, business finance and strategies which will equip you with the knowledge and understanding of the international nature of business.

A career in accounting is indeed a rewarding one - one with no boundaries or limitations, and MICPA provides you with the keys to broadening your horizons as a Certified Public Accountant (CPA) and a Chartered Accountant (CA).

MICPA gives you:

- Dual membership – MICPA & CA ANZ
- Pathway to become part of a global network of accounting professionals
- Access to the Global Accounting Alliance (GAA)
- Strong technical support & representation
- Flexibility to complete the modules part-time and/or full-time
- Recognition by the Malaysian Institute of Accountants (MIA)

MICPA-CAANZ PROGRAMME ADMISSION REQUIREMENTS

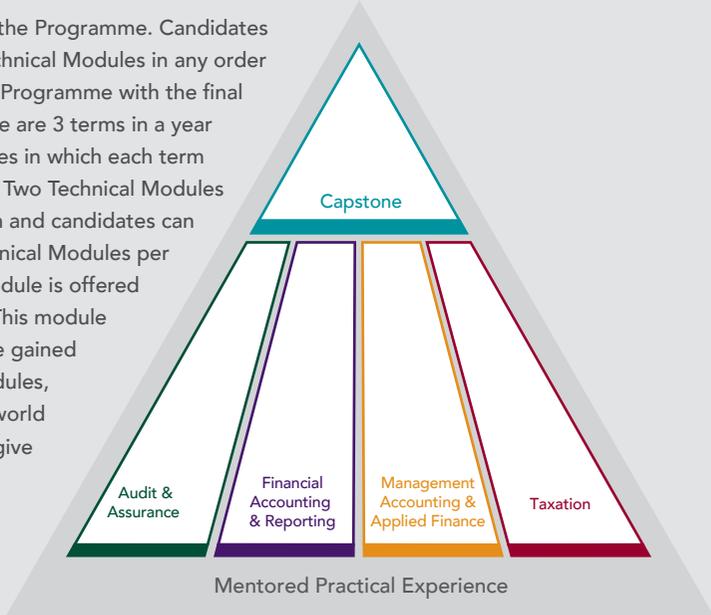

To be admitted into the Advanced Stage Examination of the MICPA-CAANZ Programme, candidates must: Possess a degree in Accounting or other disciplines accredited by MICPA or CA ANZ. Be employed by an approved training employer in a relevant field of work. For full-time study, candidates may fulfill the work experience requirement subsequent to completion of the modules. Graduates with non-relevant degrees must undergo a conversion course to fulfill the pre-requisite requirements before admission into the Advanced Stage Examination.

FRAMEWORK OF ASSESSMENT

The Programme is structured to cultivate the attributes of a successful professional accountant in a holistic manner. Assessment methods such as online assessments, workshops, and open-book examinations test a candidate's ability to apply technical knowledge to real-life business case studies.

MICPA-CAANZ PROGRAMME MODULES

There are 5 modules in the Programme. Candidates can undertake the 4 Technical Modules in any order and must complete the Programme with the final Capstone Module. There are 3 terms in a year for the Technical Modules in which each term is 12 weeks in duration. Two Technical Modules are offered in each term and candidates can enrol for 1 or both Technical Modules per term. The Capstone Module is offered in all 3 terms per year. This module incorporates knowledge gained from all 4 Technical Modules, applied through a real-world business case study to give candidates a strong understanding of business strategy and management.

APPROVED PRACTICAL EXPERIENCE

All candidates are required to fulfill 3 years of relevant work experience with an Approved Training Organisation (ATO). An ATO can be an accounting firm or a commercial organisation that has been approved by MICPA or CA ANZ. The mentorship and support provided by an ATO contributes greatly to the success of MICPA's candidates. Under the Programme, each candidate is assigned a Training Supervisor who is responsible for reviewing his/her progress and has an influence on his/her training and development within the firm or organisation. Many ATOs provide sponsorship for their employees' programme fees.

QUALIFY AS A MICPA AND CA ANZ MEMBER

To be admitted as a MICPA and CA ANZ member, candidates must fulfill the following pre-requisites:

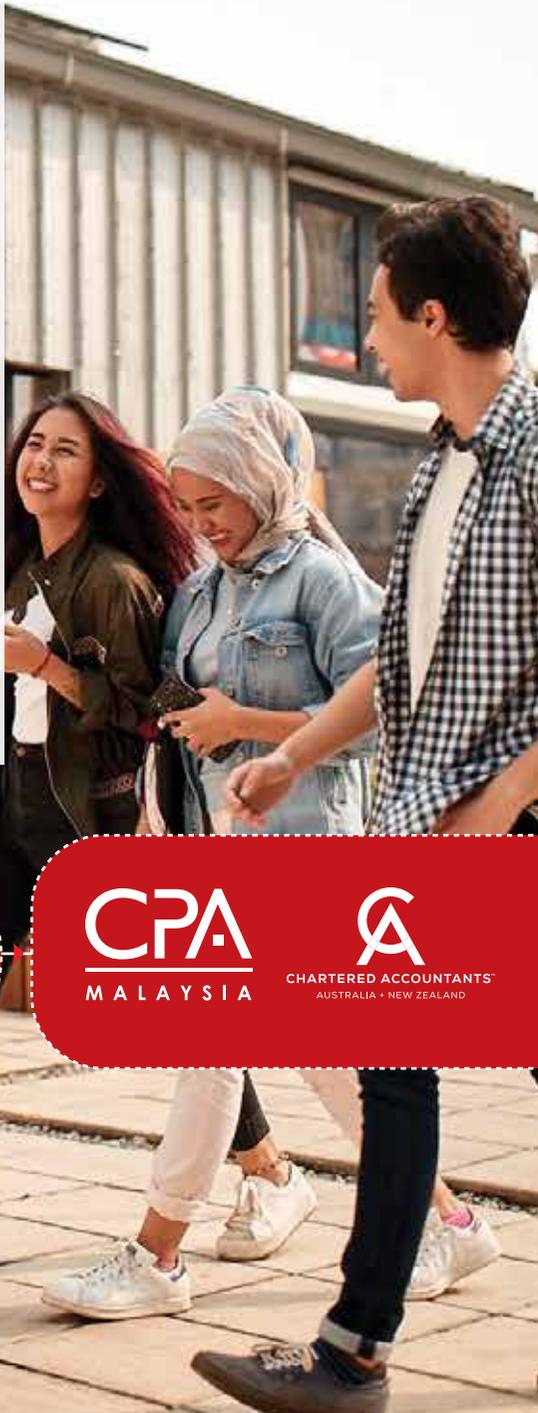

- Complete the Advanced Stage Examination of the MICPA-CAANZ Programme.
- Obtain a minimum of 3 years' relevant practical experience with an Approved Training Organisation.

ABOUT MICPA

The Malaysian Institute of Certified Public Accountants (MICPA) has been a pioneer in the training of professional accountants in Malaysia since its incorporation in 1958 and is the only local professional body in Malaysia conducting professional examinations in accounting. As an International Federation of Accountants (IFAC) member, MICPA's education standards meet and exceed the highest international education standards for professional accounting programmes.

ABOUT CA ANZ

Chartered Accountants Australia and New Zealand is made up of over 100,000 diverse, talented and financially astute professionals who utilise their skills every day to make a difference for businesses the world over.

Members of Chartered Accountants Australia and New Zealand and are known for professional integrity, principled judgment and financial discipline, and a forward-looking approach to business.

We focus on the education and lifelong learning of members, and engage in advocacy and thought leadership in areas that impact the economy and domestic and international capital markets.

We are represented on the Board of the International Federation of Accountants, and are connected globally through the 1,000,000 strong Global Accounting Alliance, and Chartered Accountants Worldwide, which brings together leading Institutes in Australia, England and Wales, Ireland, New Zealand, Scotland and South Africa to support and promote over 320,000 Chartered Accountants in more than 180 countries.

"You become part of a global network of accounting professionals."

WHAT OUR STUDENTS SAY

TAN PEI JI

Senior Associate in BDO Malaysia

Gold Medal Award for AAA Module

I like the environment in Taylor's College – it is self-contained with many amenities such as shops and eating places, and modern tutorial rooms, lecture halls and library. It is a comfortable environment to study in."

"The advantage of studying MICPA is that the emphasis is on understanding concepts and applying it during examination, rather than memorisation. Thus I feel that the MICPA syllabus is very relevant and applicable to actual work situations.

NEO MOON WEI

Audit Assistant in Ernst & Young

Gold Medal Award for Financial Accounting and Reporting Module

"I found the study experience at Taylor's to be enjoyable. The university facilities are well-equipped and the lecturers are very knowledgeable and approachable.

Being in the MICPA programme, I was able to meet friends with similar goals and interests, and we spurred each other to study hard and achieve excellent results.
