**How to connect to "Taylors Student" Wi-Fi on iOS**
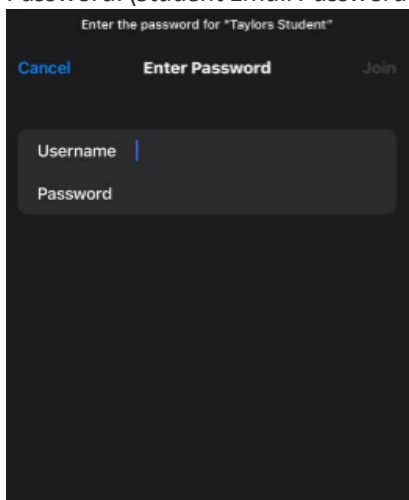

1. Go to Settings ⚙ > Wi-Fi, then turn on Wi-Fi

2. Select the "**Taylors Student**" (formerly known as *i-Xcess*) Wi-Fi network by tapping it.

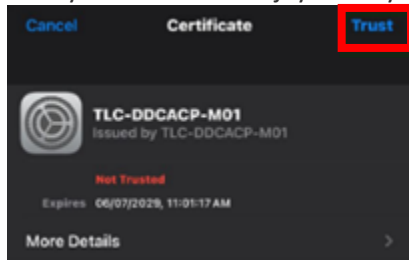

3. Enter your username and password:
   Username: (*Student ID*)
   Password: (*Student Email Password*)

4. After entering your username and password, you'll be prompted with a Certificate Trust dialog. To proceed, follow these steps:
   - Look for the "Trust" option on the top right-hand side of the screen.
   - Tap on "Trust" to complete the process.
   - Now you're all set to enjoy the Taylors Student Wi-Fi! 🌐🔒

5. If you see the Wi-Fi icon 📶 at the top of your iPhone screen, it means your device is connected to a Wi-Fi network. To verify this, open Safari and try loading a webpage. Your iPhone will automatically reconnect to the same network when you return to that location. Happy browsing! 🌐📲
